October 30, 2018

To the Board of Directors, Department of Housing and Urban Development

On behalf of the Penns Grove Housing Authority I respectfully submit this annual financial report for the year ended June 30, 2018. I believe the information presented is accurate in all material aspects and that all disclosures necessary to enable the reader to gain an adequate understanding of the Authority's financial position and operations have been included. The accompanying financial statements included in this annual financial report have been prepared in conformity with accounting principles generally accepted in the United States of America. Responsibility for the accuracy, completeness, and fairness of the financial statements presentation rests with the management of the Authority.

The 2018 Penns Grove Housing Authority annual financial report consists of these sections:

- Introductory Section - This includes the independent auditor's report and a management discussion and analysis of our financial report.
- Financial Section - this includes the basic financial statements and foot notes to these basic financial statements.
- Single Audit Section - this includes reports from the independent auditor on compliance and on internal control over financial reporting based on an audit of financial statements performed in accordance with Government Auditing Standards; and on compliance with requirements applicable to each major program and on internal control over compliance in accordance with *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and audit Requirements for Federal Awards (Uniform Guidance)*

The Penns Grove Housing Authority realizes its role as a means of housing for the low income and elderly in the community has never been more important. The Authority has two projects of their own with over 200 units for low income and elderly tenants and around 50 Section 8 units. The following pages report and analyze the financial position of Penns Grove Housing Authority.

Respectfully submitted,

Catherina Rutland

INDEPENDENT AUDITOR'S REPORT

Board of Commissioners
Penns Grove Housing Authority
Penns Grove, New Jersey

Report on the Financial Statements

I have audited the accompanying financial statements of Penns Grove Housing Authority , as of and for the year ended June 30, 2018 , and the related notes to the financial statements, which collectively comprise Penns Grove Housing Authority's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express opinions on these financial statements based on my audits. I conducted my audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinions

In my opinion, the financial statement referred to above present fairly, in all material respects, the respective financial position of Penns Grove Housing Authority, as of June 30, 2018, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, the Schedule of the Authority's Proportionate Share of the Net Pension Liability, Schedule of the authority's contributions as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to my inquiries, the basic financial statements, and other knowledge I obtained during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide me with sufficient evidence to express an opinion or provide any assurance.

Other Information

My audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Penns Grove Housing Authority's basic financial statements. The accompanying financial information, the combining statements of net position, activities and changes in net position and Financial Data Schedule as listed in other supplementary Information in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The combining statement of net position, activities and changes in net position, Financial Data Schedule and Schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the combining statements of net position, activities and changes in net position, financial data schedule and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, I have also issued my report October 30, 2018 on my consideration of the Penns Grove Housing Authority's internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Penns grove Housing Authority's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENT
YEAR ENDED JUNE 30, 2018**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Organization and Program Description

The Penns Grove Housing Authority was organized under the laws of the State of New Jersey and operates under an Annual Contributions Contract (ACC) with the United States Department of Housing and Urban Development (HUD) to provide low-income housing to eligible participants under the United States Housing Act of 1937, as amended. The formation and operation of the Housing Authority is governed by the Act, and administered by HUD under the Annual Contributions Contracts.

The Authority is governed by a Board of Directors appointed locally. An Executive Director is appointed by the housing authority's Board to manage the day to day operations of the Authority.

Low Rent Housing Program

This program provides low-rent housing to qualified residents of the City of Penns Grove, New Jersey. All units are owned and operated by the Housing Authority. The operations of the program are subsidized by HUD through an Annual Contributions Contract. Operating subsidy contributions for the year ended June 30, 2018 were \$ 622,639 , and are included in operating subsidies in the combined statement of revenues, expenses and changes in net position.

Housing Choice Voucher Program

This program allows for existing privately-owned housing units to be used for low income housing. This program assists low income families and persons to find and lease a house or apartment. After inspecting the unit, Penns Grove HA assist the residents in negotiating a lease under HUD rules and regulations for the program. After the lease is signed, the resident pays a share of the rent according to HUD guidelines, and the remainder is subsidized by Penns Grove HA through HUD funding.

Penns Grove HA earns a fee administering the annual contributions contributions from HUD. This fund accounts for the revenues and expenses associated with providing administrative services.

Capital Fund Program Grants

Capital fund grants are recognized as revenues in the combined statement of revenues, expenses and changes in net assets in accordance with GASB Statement No. 34. Capital grants support the development, modernization and operation of public housing developments.

Congregate Housing Services Program

The Congregate Housing Services Program offers grants to provide meals and other supportive services needed by frail elderly residents and residents with disabilities in federally subsidized housing. It is a project based rather than a tenant based program.

This program prevents premature and unnecessary institutionalization of frail elderly, nonelderly disabled, and temporarily disabled persons: provides a variety of innovative approaches for the delivery of meals and nonmedical supportive services while making use of existing service programs; fills gaps in existing service systems; and ensures availability of funding for meals and other programs necessary for independent living.

B Reporting Entity

In determining how to define the reporting entity, management has considered all potential component units. The decision to include a component unit in the reporting entity is made by applying the criteria set forth by GASB. These criteria include manifestation of oversight responsibility including financial accountability, appointment of a voting majority, imposition of will, financial benefit to or burden on primary organization, financial accountability as a result of fiscal dependency, potential for dual inclusion, and organizations included in the reporting entity although the primary organization is not financial accountable. Based on these criteria, There are no additional agencies which should be included in the financial statements of Penns Grove Housing Authority.

C - Basis of Accounting

PGHA accounts for its operations in a single enterprise fund. Enterprise funds account for those operations financed and operated in a manner similar to a private business or where PGHA has decided that determination of revenue earned, costs incurred and net revenue over expense is necessary for management accountability.

Enterprise funds are proprietary funds used to account for business activities of special purpose governments for which a housing authority qualifies under GASB No. 34, *“Basic Financial Statements – Management’s Discussion and Analysis—for State and Local Governments.”* Proprietary funds are accounted for using the economic resources measurement focus and the accrual basis of accounting, whereby all revenues are recognized in the period in which they are earned and expenses are recognized in the period in which the liability is incurred regardless of the timing of the related cash flows. All assets and deferred outflows and liabilities and deferred inflows associated with the operation of the Authority are included in the statements of net position. The statements of revenues, expenses and changes in net position present increases (revenue and capital contributions) and decreases (expenses) in total net position.

Budgeting and Budgetary Accounting

The Authority prepares an annual operating and capital budget for all programs in accordance with HUD requirements. The budget is formally adopted by resolution of the Authority’s Board of Directors. Once adopted, the Board of Directors may amend the adopted budget when unexpected modifications are required in estimated revenues and expenses. The budget is prepared on a detailed line item basis.

D – Cash and Cash Equivalents

The Authority considers all securities, including certificates of deposits and short term investments, with maturities of three months or less to be cash equivalents.

E – Capital Assets

Capital assets include land, structures and equipment recorded at cost and is comprised of property betterments and additions, and modernization program costs. Charges for maintenance and repairs are expensed when incurred. The authority depreciates these assets over their estimated useful lives using the straight-line method of depreciation..

<u>Category</u>	<u>Useful lives (in Years)</u>
Buildings	40 years
Building Improvements	7 - 15 years
Furniture and Equipment	5 - 15 years

Long-lived assets are reviewed annually for impairment under the provisions and in accordance with GASB No. 42, *“Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Recoveries.”*

H – Accrued Compensated absences

Accumulated unpaid leave time is accrued at the estimated amounts of future benefits attributable to services already rendered.

I – Post Employment Benefits

The Authority does not provide it's employees with any health or post employment beefits, therefore there is no accrual for other post employment benefits.

J – Equity Classifications

Equity is classified as net position and displayed in three components:

Net Investment in Capital Assets – consists of any capital assets, net of accumulated depreciation and reduced by any outstanding balances of loans, notes or mortgages

Restricted Net Position -_consists of the net amount of assets with constraints placed on the use either by (1) external groups such as creditors, grantors, laws or regulations of other governments, or (2) law through constitutional provisions or enabling legislation.

Unrestricted Net Position – all other net amounts of assets that do not meet the definition of “restricted” or “net investment in capital assets”.

K – Use of Restricted Assets

When both restricted and unrestricted resources are available for a particular restricted use, it is the Authority's policy to use restricted resources first, and then unrestricted resources as needed.

L - Operating Revenues and Expenses

The Authority defines its operating revenues as income derived from charges to residents and others for services provided, and in the management of Authority assets. Its operating expenses are costs incurred in the operation of its program activities to provide services to residents and others. The Authority classifies other revenues and expenses as non-operating.

M - Income Taxes

PGHA is a New Jersey municipal authority and, as such, is exempt from income taxes and other state and local taxes. PGHA believes it has not engaged in any activities for which its tax-exempt status would not be sustained under Internal Revenue Service examination or that would require filing of an income tax return for unrelated business income taxes.

N- Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent liabilities at the date of the financial statements and reported amounts of revenues and expenditures during the reporting period. Actual results could differ from these estimates.

O – Economic Dependency

The Low Rent Housing Program of the Authority is economically dependent on operating grants and subsidies from HUD.

NOTE 2 – CASH AND INVESTMENTS

HUD requires that deposits be fully collateralized at all times. Acceptable collateralization includes FDIC/FSLIC insurance and the market value of securities purchased and pledged to the political subdivision. Pursuant to HUD restrictions, obligations of the United States are allowed as security deposits. Obligations furnished as security must be held by the authority or with an unaffiliated bank or trust company for the account of the authority.

It is the Authority's policy to maintain collateralization in accordance with the requirements of HUD. Authority cash and investment balances are covered by the Federal Deposit Insurance Corporation up to \$250,000 with the balance being covered by the Governmental Unit Deposit Protection act of the State of New Jersey.

As of June 30, 2018 cash and investment balances consist of the following:

NOTE 5 – RISK MANAGEMENT

The Authority is exposed to various risks of potential liabilities, such as theft of, damage to and destruction of assets; errors and omissions; injuries to employees and natural disasters. In order to deal with these potential liabilities, the Authority's risk management program consisted of various insurance policies covering each of these risks. The Authority believes such coverage is sufficient to preclude any significant uninsured losses to the Authority.

NOTE 6 – PAYABLE TO OTHER GOVERNMENT AGENCIES – (PILOT)

The Authority is required to make a payment in lieu of taxes (PILOT) for the PHA Owned Program in accordance with the provisions of its cooperation agreement with the City of Penns Grove, New Jersey. Under the cooperation agreements, the Authority must pay the lesser of 10% of its net shelter rent or the appropriate full real property taxes. During the fiscal years ended June 30, 2018 PILOT expense was accrued in the amount of \$22,214. Shown on statement of net position as payable to other government.

NOTE 7 – COMPENSATED ABSENCES

Accrued compensated absences represent the amount of accumulated leave for which employees are entitled to receive payment in accordance with the authority's personnel policy.

Compensated absences activity consisted of the following:

	<u>2018</u>
Beginning compensated absences	\$ 31,115
Compensated absences earned	15,246
Compensated absences redeemed	<u>(14,874)</u>
Ending compensated absences	31,487
Less: current portion	3,149
Compensated absences, net of current position	<u><u>\$ 28,338</u></u>

NOTE 8 – Deferred Outflows/Inflows of Resources – Deferred outflows of resources represent a consumption of net position that applies to a future period(s) and will not be recognized as an outflow of resources (expense) until then. Deferred outflows of resources consist of unrecognized items not yet charges to pension expense and contributions from the employer after the measurement date but before the end of the employer's reporting period.

Deferred inflows of resources represent an acquisition of net position that applies to a future period(s) and will not be recognized as an inflow of resources until that time. These inflows consist of unamortized portion of the net difference between projected and actual earnings on pension plan investments.

NOTE 9 – PENSION PLAN

Description of Plan

The Authority participates in the Public Employees Retirement System (PERS), a cost-sharing multiple employer defined benefit pension plan administered by the Division of Pensions within the Department of Treasury, State of New Jersey. It is a cost-sharing, multiple-employer defined benefit pension plan. The PERS was established on January 1, 1955 under the provisions of N.J.S.A. 43:15A. to provide coverage, including post-retirement health care, for substantially all full time employees of the state, its counties, municipalities, school districts or public agencies, provided the employee is not a member of another state administered retirement system. Membership is mandatory for such employees.

NOTE 9 – PENSION PLAN - continued

Vesting and Benefit Provisions

The vesting and benefit provisions for the PERS are set by N.J. S.A. 43:15A and 43:3B. All benefits vest after ten years of services, except for medical benefits that vest after 25 years of service. Retirement benefits for age and service are available at age 60 and are generally determined to be 1/55 of the final average salary for each year of service credit, as defined.

Funding Requirements - PERS

The contribution policy is set by N.J.S.A. 43:15A, Chapter 62, P.L. of 1994 and Chapter 115, P.L. of 1998, and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. Employers contributions are actuarially determined annually by the

The Authority's total contributions to PERS for the year ended were \$ 38,080.

Net Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions – at June 30, 2018, the Authority reported a liability of \$ 956,874 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Authority's proportion of the net pension liability was based on the authority's share of contributions to the pension plan relative to the contributions of all PERS participating employers. At June 30, 2017, the authority's collective proportion percentage was .0041105656.

For the year ended the authority recognized pension expense of \$ 57,256. At June 30, 2018, the authority reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows	Deferred Inflows
Differences between expected and actual experiences	\$ 22,531	\$ -
Changes in assumptions	192,777	192,070
Net difference between projected and actual earnings on pension plan investments	6,516

NOTE 9 – PENSION PLAN - continued

\$ 38,671 reported as deferred outflows of resources related to pensions resulting from the Authority contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2019. Other amounts reported as deferred outflows and deferred inflows of resources related to pensions will be recognized in pension expenses as follows:

Actuarial assumptions – the total pension liability in the June 30, 2017 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Rate of inflation :	2.25%
Rates of salary increases:	
Through 2026	1.65 – 4.15% based on age
Thereafter	2.65 – 5.15% based on age
Investment rate of return	7.00%

Mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality tables, as appropriate, with adjustments for mortality improvements based on Scale AA.

The long-term expected rate of return on pension plan investments is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pension and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best estimate ranges of expected future real rates of return are developed for each major class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rate of return for each major class included in PERS's target asset allocation as of June 30, 2017 are summarized in the following table:

Discount Rate - the discount rate used to measure the total pension liability was 5.00% as of June 30, 2017. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.00%, and a municipal bond rate of 3.58% as of June 30, 2017, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the average of the last five years of contributions made in relation to the last five years of actuarially determined contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2040. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2040, the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Pension Plan Fiduciary Net Position – detailed information about the pension plan's fiduciary net position is available in the separately issued PERS financial report which is available on the PERS website.

Sensitivity of the Authority's Proportionate Share of Net Pension Liability to changes in the Discount Rate – the following represents the Authority's proportionate share of the net pension liability calculated using the discount rate of 5.00 percent, as well as what the authority's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (4.00 percent) or 1-percentage point higher (6.00 percent) than the current rate,

Notes to Schedule of Expenditures of Federal Awards
Year ended June 30, 2018

NOTE 1 – BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards includes the federal grant activity of the Authority under programs of the federal government for the year ended June 30, 2018. The information in this Schedule is presented in accordance with the requirements of Title 2. U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the schedule presents only a selected portion of operations of the Nanticoke Housing Authority, it is not intended to and does not present the financial position, changes in net position or cash flows of the Penns Grove Housing Authority.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

- (a) Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.
- (b). The entity did not elect to use the 10 percent de minimis indirect rate.
- (c) The authority was not a subrecipient of any federal awards and did not pass through any federal awards to subrecipients

Independent Auditors' Report on Internal Control over Financial Reporting
and on Compliance and Other Matters Based on an Audit of Financial
Statements Performed in Accordance with Government Auditing Standards

Board of Directors
Penns Grove Housing Authority
Penns Grove, New Jersey

I have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the basic financial statements of Penns Grove Housing Authority, as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise Penns Grove Housing Authority's basic financial statements, and have issued our report thereon dated October 30, 2018.

Internal Control over Financial Reporting

In planning and performing my audit of the financial statements, I considered Penns Grove Housing Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing my opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Penns Grove Housing Authority's internal control. Accordingly, I do not express an opinion on the effectiveness of Penns Grove Housing Authority's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

My consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during my audit I did not identify any deficiencies in internal control that I consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Penns Grove Housing Authority's financial statements are free from material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of my testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Board of Directors
Penns Grove Housing Authority
Penns grove, New Jersey

Report on Compliance for Each Major Federal Program

I have audited the Penns Grove Housing Authority's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Housing Authority's major federal programs for the year ended June 30, 2018. The Penns Grove Housing Authority's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

My responsibility is to express an opinion on compliance for each of Penns Grove Housing Authority's major federal programs based on my audit of the types of compliance requirements referred to above. I conducted my audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) Those standards and the Uniform Guidance require that I plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Penns Grove Housing Authority's compliance with those requirements and performing such other procedures as I considered necessary in the circumstances.

I believe that my audit provides a reasonable basis for my opinion on compliance for each major federal program. However, my audit does not provide a legal determination of Penns Grove Housing Authority's compliance.

Opinion on Each Major Federal Program

In my opinion, Penns Grove Housing Authority complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2018.

Report on Internal Control over Compliance

Management of Penns Grove Housing Authority is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing my audit of compliance, I considered Penns Grove Housing Authority's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, I do not express an opinion on the effectiveness of Penns Grove Housing Authority's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
